## Commissioner for Patents

In view of the subject matter, the newly submitted claims 45-51 are directed to an invention that is independent or distinct from the invention originally claimed as stated in the examiner's restriction requirement dated 06/17/2004. Furthermore, Applicants have received an action on the merits for the originally presented invention, i.e., a display device with a supporting as recited in the original claims 42-44; this invention should be constructively elected by original presentation for prosecution on the merits, and claims 46-50 should be withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03. Accordingly, claims 45 and 51 should be examined for examination purposes; therefore, the examiner's restriction requirement was vacated.

In response to restriction requirement dated 07/16/2004, claims 46-50 have been elected for examination. Since the restriction requirement was vacated, and the above mentioned reply appears to be bona fide, Applicants is given ONE MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to response to this communication and advised to accept claims 45 and 51 for examination purposes.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dung Nguyen whose telephone number is 571-272-2297. The examiner can normally be reached on Monday-Thursday. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Robert H. Kim can be reached on 571-272-2293. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
